Employer's Feedback:

Feedback was taken from the employers who have hired our current and past students in various job roles to get an insight about what action can be taken to improve employability among the students through the curriculum and extra-curricular engagements. After careful analysis of the feedback taken from employers regarding the performance of our students/alumni at workplace we have come across two major areas where improvement is necessary. One is the communication skills and the other one is ability to manage tasks & leadership skills. In the CDC meeting it was decided that these areas will be worked upon by our faculties by introducing additional coaching for students who are weak in English and communication skills. Also the leadership and management skills of the students will be enhanced by the means of various extra-curricular activities.

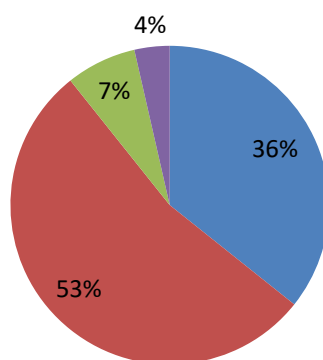

Teachers' Feedback:

Feedback is taken from teachers to get insights about adequacy of syllabus, teaching learning And evaluation, college infrastructure facilities, administrative setup and overall environment of The college.

Analysis of Feedback Taken from Teachers on Curriculum:
